***APPROXIMATE ARRIVAL: AUGUST 2009***

**\*\*389 1/35 German Bergepanzer IV Recovery Vehicle NEW VARIANT! SRP \$69.95**

Towards the end of WWII the Germans converted some Panzer IV tanks to Bergepanzer IV recovery vehicles. These heavy duty machines were used to recover damaged artillery and tanks from the battlefield. Only 36 Panzer IV tanks were actually converted. Kit consists of 832 parts on 18 sprues plus 139 photo etched parts, individual track links, metal tow chain, newly tooled hull, full interior detail, full suspension, opening and closing hatch, side fenders with pattern detail, ammo box, newly tooled crane and markings in Panzer Grey.

(Bar code: 9580208003894)

**\*\*1520 1/35 German 3.7cm Flak 43 Flakpanzer IV "Ostwind" Tank SRP \$69.95**

**NEW VARIANT!**

The Ostwind was a self-propelled anti-aircraft gun based on the Panzer IV tank. It was developed in 1944 as a successor to the Wirbelwind. The Panzer IV conversion involved removing the turret and replacing it with a Flak 43 gun mounted on a new open top hexagonal turret. The Ostwind was also effective against light ground vehicles and fortifications. Kit consists of 854 parts on 21 sprues plus photo etched parts, individual track links, newly tooled gun, gun cradle and mount. Markings are in Dark Yellow with red/brown and green camouflage scheme.
